

Fleeting One by First Aid Kit

Intro: Am Em C G C

Verse:

Am Em

Now I see winter's dawn

C G C

The wind turns traitor cold

Am Em

Seems long since summer time

C G C

And the stories that were told

Am Em

We spoke of dreams that came

C G C

To us when we were young

Am Em

But as the morning rose

C G C

We spoke with forked tongues

Chorus:

Dm G

My love is a fleeting one

Dm G

My man could be anyone

C F Dm G

And our love is a setting sun

Verse:

Am Em

As we took those evening walks

C G C

Down through the graveyard

Am Em
Those names engraved always
C G C
Put a new shade to my thoughts

Am Em
But he and I, we both knew
C G C
The bread that we break

Am Em
Would never take their place
C G C
What's cold, you mustn't await

Chorus:

Dm G
My life is a fleeting one
Dm G
My work is just a web I've spun
C F Dm G
Oh my life is a setting sun

Bridge:

Em Am
I don't know where I'm going
C Em
But no one is coming with me
Em Am
I won't give up chasing love, son
C Em
Here I go, look at me run
F
Here I go
G
Look at me run

F
Here I go
 G
Look at me run

Chorus:

Dm G
My love is a fleeting one
Dm G
My man could be anyone
C F Dm G
And our love is a setting sun

Dm G
My life is a fleeting one
Dm G
My work is just a web I've spun
C F Dm G
Oh my life is a setting sun

End verse:

Am Em
Baffled by the lies we blamed
C G C
We met the end too soon

Am Em
I was honest when I told you
 C G C
We're as cryptic as the moon
