

Go Into the Night by Gabrielle Papillon

Chords simplified (kinda) by LJ Koers
Original: Db maj / Gb maj / Bb minor / Ab maj / G b / Db

C F
Pick up where you left off, exhale and go into the night
Am (Dm) G C
Take a deep breath, now, look to your right, go past the lighthouse, then come back to me

F
Go on in your best shirt, march forward, lay into the wind
Am G C
Pull your dance shoes on, hold to the white line, let the signpost guide you back to me

F Am C
Ooooooooooh x 5 (2 long, 3 short)

C F
Get lost in the background, blend in, then creep into the night
Am G C
Pull the anchors in, drift out to sea, look to the lighthouse, then come back to me

C F
Go on with your cares, clear the air, then storm into the fray
Am G C
Pick your best man, now, give him the light, point to the deep and then come back to me

F Am C
Ooooooooooh x 5 (2 long, 3 short)

C F
Come down from your perch, set sail, and lean into the wind
Am G C
Burrow deep and down, wait for the sign, wait 'til the lifeline pulls you into me

C F
Come back to the shoreline, inhale, then bury all your grief
Am G C
Take a deep breath now, look to the sideline, I'll be there, then come on home to me

F Am C
*Ooooooooooh x 5 (2 long, **4** short)*

C F
Pick up where you left off, exhale, then go into the light
