

Lost in the Light by Bahamas

C
I'm lost in the light
C
I pray for the night
C F C
To take me, to take you too
C
After so many words
C
Still nothing's heard
C C F
Don't know what we should do (mute)
G (F) Em C
So if someone could see me now, Let them see you

C
'twas my greatest thrill
C
When we just stood still
C F C
You let me hold your hand 'til I had my fill

C
Even counting sheep
C
Don't help me sleep
C F
I just toss and turn right there beside ya
G F
So if someone could help me now
C
They'd help you too

F
They'd help you too
G
See you through
C G F
All the hard things we've all gotta do
F
'Cause this life is long
