I can't get these memories out of my mind

F C

And some kind of madness has started to evolve mmmmmm

I tried so hard to let you go

But some kind of madness is swallowing me whole, yeah

Am G F

I have finally seen the light

Am G F C

And I have finally realised what you need

And now I need to know this is real love

F C

Or is it just madness keeping us afloat? mmmmm

And when I look back at all the crazy fights we had

F C

It's like some kind of madness was taking control, yeah

Am G F

And now I have finally seen the light

Am G F C

And I have finally realized what you need mmmmmmmmmmm

[instrumental]

Am G F

And now I have finally seen the end

Am G F

And I'm not expecting you to care, no

Am G F

But I have finally seen the light

Am G F

And I have finally realized (up)

Am G F

*I need to love*

Am G F

*I need to love*

Am

Come to me

G

Trust in a dream

F

Come on and rescue me

Am G

Yes I know I can be wrong

F

Maybe I'm too headstrong

C

Our love is...
