

Regina Spektor Bleeding Heart

C

What you got on top, I'll take two of that

Am

I'm chasing a story I heard

C

When I was here last, at the back of the class

Am

You pretended you never got lost

F

You're at the back of the class, in the back of the bus

Dm

Sitting out at the dance, so we're saying "no, thanks"

F

When they see you around, you look down at the ground

Dm

C

But when they walk away you'd wish they'd stay

[Chorus]

Dm

Never never mind bleeding heart, bleeding heart

C

Never never mind your bleeding heart

Dm

Never never mind bleeding heart, bleeding heart

C

Never never mind your bleeding heart

[Verse]

C

You can't help but stare at everyone there

Am

It's you versus everyone else

C

Your outfit's a crime, you feel their cold minds

Am

Placing you under arrest

F

And you serve your time drinking all night long

Dm

Staring at the walls of your jail-like home

F  
Listening to that song, cause it hurts just right  
Dm            C  
Till everything is gone tonight

[Chorus]

Dm  
Never never mind bleeding heart, bleeding heart  
C  
Never never mind your bleeding heart  
Dm  
Never never mind bleeding heart, bleeding heart  
C  
Never never mind your bleeding heart

Dm  
Never never mind bleeding heart, bleeding heart  
C  
Never never mind your bleeding heart  
Dm  
Never never mind bleeding heart, bleeding heart  
C  
Never never mind your bleeding heart

[Verse]

C  
Someday you'll grow up and then you'll forget  
Am  
All of the pain you endured  
C  
Until you walk by, a sad pair of eyes  
Am  
And up will come back all the hurt  
F  
And you'll see their pain as they look away  
Dm  
And you want to help, but there's just no way  
F  
Cause you won the war so it's not your turn  
Dm            C  
But everything inside still burns

[Chorus]

Dm

Never never mind bleeding heart, bleeding heart

C

Never never mind your bleeding heart

Dm

Never never mind bleeding heart, bleeding heart

C

Never never mind your bleeding heart

Dm

Never never mind bleeding heart, bleeding heart

C

Never never mind your bleeding heart

Dm

Never never mind bleeding heart, bleeding heart

C

Never never mind your bleeding heart

Dm

Never never never mind mind mind

C

Never mind your bleeding heart

Dm

Never never never mind mind mind

C

Never mind your bleeding heart

Dm
