

Retrograde by Maggie Rogers

C F

C

You said, "I can't take no more"

F

Lying by the sycamore

Am F

And I know we've both been here before

C

You said, "Fuck, let's leave the blame"

F

Heartache always feels the same

Am F

And I know we've both been here before

C

Oh, here I am, settled in at your house

F

Broken blinds keep the light coming out

Am G F

And I am just the shape I'm in

Cmaj7

Ooh, here I am, settled in, crying out

F

Finding all the things that I can't do without

Am G F

Oh, I am giving in

C F

Oh, I'm in retrograde

C

Oh, I'm in retrograde

F

Retrograde

C

Standing staring straight ahead

F Am

Listening when Stevie says, mmm

F

"Come out of the darkness"

C
Feeling all I've ever known
F
Fall away and letting go
Am F
Oh, come out of the darkness

C
Ooh, here I am, settled in on your floor
F
Quieting all the world outside your door
Am G F
And I am reckoning
Cmaj7
Oh, here I am, settled in, freaking out
F
You bring me in to help me, let me get me out
Am G F C
Oh I, I, I, I'm in retrograde
F
I'm in retrograde

C
Oh, if only I could give in

If I could get out
F
If only I could break in

If you could let me out
Am
If only I could let go

If I could sit out
F
If only I could get back
C
If I could let me out
F
Oh, I'm in retrograde

C

Yeah, mmm
F
I'm in retrograde

C F
Ooh, ooh, ooh
